**Biography / Memorable Life Experiences:** I attended Franklin & Marshall College as a Sino-Soviet Studies major. After graduation, Jeff and I married and we lived and worked in Europe and Asia, before returning to the US in 1989. While raising three wonderful boys, I worked with various corporations, including IBM and MasterCard, and also in research and advisory services with Gartner and TowerGroup. We moved to the Seattle, WA area in 2010, when I joined Microsoft. After "retiring" from Microsoft in 2017, I joined Boards, advising tech startups and especially those with women founding teams. That said, I do love being a Grandma.

<http://annielasamovablefeast.blogspot.com>. I enjoy good food, great theatre, film and TV and enjoy writing about it. You will also find videos of how to make sourdough bread on this website, with tips of things you don't regularly find in a cookbook. A "Mommy Track" but it worked well for me. Consulted after retiring, but quit law entirely in 2019. Best: my daughter (she still loves her mother), stepfamily, friends.
