

Sandra (Sandy) Crozier Eeds

Class of '66

Occupation: Retired

Family: Wonderful parents and only brother are now gone, and did not have any children.

Interests: The interest list is pretty short: golf, road trips, and enjoying friends.

Biography / Memorable Life Experiences: Followed my heart after high school/college and adopted the tie-dyed life for some years. Did a lot of traveling with small boats, and in a VW bus. Settled down for a full career with IBM, and retired from Big Blue after moving to Seattle. Put on a non-corporate hat and had a fun pet sitting business for 9 years. Golfing in a dry and sunny environment started calling. Moved to Mesquite, NV and then Chandler, AZ where I now live with my husband of four years - the man my brother introduced me to 14 years ago. Life is good.
