

Email or Call Today To Learn How You Can Use Our Planning Tool For Little or No Money Out of Pocket!

The ReunionDB[®] Difference - Why Our Customers Come To Us

What Our Database & Website Does For You	What Our Company Does For You
1. Gives you a secure & centralized database that your entire committee can share	1. We bring you 30 years and 7,500+ high school reunions worth of experience
2. Eliminates the need to update and pass around spreadsheets	2. We research EVERY classmate for current contact information
3. Allows tickets sales securely online WITHOUT classmates needing PayPal	3. We build your entire online class database for you (see demo)
4. Allows for ticket sales to be made directly from a Facebook Page	4. We import any & all existing contact information you have already collected
5. Automates all aspects of money management & accounting for your reunion	5. We include hi-resolution scans of every classmate's yearbook photo
6. Helps you determine an appropriate ticket price based on expected expenses	6. You can access your database for current and all FUTURE reunions
7. Automatically updates RSVP and Missing lists which can be posted anywhere	7. We give you a proven process to ensure attendance goals will be achieved
8. Automatically generates professional name badges with multiple size choices	8. We have scheduled progress/planning calls with you and your committee
9. RDB generates a professional Bio/Memory Book to give attendees	9. We don't charge monthly fees that impact your reunion budget
10. Automatically generates group emails using predefined templates to get started	10. We cover the cost of ALL credit card processing fees
11. Allows you to send group emails directly from the database as often as desired	11. We give you first-class customer support via email and phone
12. Automatically generates call lists for phone call campaigns	12. We ensure early ticket sales to quickly reimburse you for any upfront deposits
13. Automatically generates mailing labels if needed for any "save the date" mailers	13. We become a neutral sounding board to help committee decision making
14. Automatically generates a Memory Board of deceased classmates	14. We have the flexibility to work within every committee's specific budget
15. Allows for simultaneous database access for unlimited # of committee members	15. We work very hard to help you and your committee be reunion heroes!
16. Allows for the committee chairperson to control security/access rights for others	 ReunionDB[®] Inc.
17. Allows you to access your database from ANYWHERE using any device/browser	
18. Gives you access to the most useful & well-designed planning database available
