The ReunionDB[®] Difference - Why Our Customers Come To Us

What Our Company Does For You	What Our Database & Website Does For You
1. We bring you 20 years and 6,500+ high school reunions worth of experience	1. Gives you a secure & centralized database that your entire committee can share
2. We research EVERY classmate for current contact information	2. Eliminates the need to update and pass around spreadsheets
3. We build your entire online class database for you (see demo)	3. Allows tickets sales securely online WITHOUT classmates needing PayPal
4. We import any & all existing contact information you have already collected	4. Allows for ticket sales to be made directly from a Facebook Page
5. We include hi-resolution scans of every classmate's yearbook photo	5. Automates all aspects of money management & accounting for your reunion
6. You OWN your database and get to use it for future events at NO CHARGE	6. Helps you determine an appropriate ticket price based on expected expenses
7. We give you a proven process to ensure attendance goals will be achieved	7. Automatically updates RSVP and Missing lists which can be posted anywhere
8. We have bi-weekly planning & progress calls with you and your committee	8. Automatically generates professional name badges with multiple size choices
9. We have no monthly or annual fees that we charge for ANYTHING	9. Automatically generates a professional Memory/Bio Book to give attendees
10. We cover the cost of ALL credit card processing fees & PayPal fees	10. Automatically generates group emails using predefined templates to get started
11. We give you first-class customer support 24/7	11. Allows you to send group emails directly from the database as often as desired
12. We make sure that you pay NO EXPENSES for your reunion out of pocket	12. Automatically generates call lists for phone call campaigns
13. We become a neutral sounding board to help committee decision making	13. Automatically generates mailing labels if needed for any "save the date" mailers
14. We have the flexibility to work within every customer's specific budget	14. Automatically generates a Memory Board of deceased classmates
15. We work very hard to help you and your committee be reunion heros!	15. Allows for simultaneous database access for unlimited # of committee members
 <p data-bbox="420 1317 630 1349">ReunionDB[®] Inc.</p>	16. Allows for the committee chairperson to control security/access rights for others
	17. Allows you to access your database from ANYWHERE using any device/browser
	18. Gives you access to the most useful & well-designed planning database available
